COMPLAINT FOR PATENT INFRINGEMENT

Plaintiffs Nokia Corporation and Intellisync Corporation (collectively “Nokia”), on personal knowledge as to its own acts, and on information and belief as to all others based on its own investigation, alleges as follows:

INTRODUCTION

1. This is an action brought by Nokia against Apple Inc. (“Apple”) for Apple’s infringement of Nokia’s patents. In particular, Nokia seeks remedies for Apple’s infringement of Nokia’s U.S. Patent Nos. 7,209,911 (“the 911 Patent”), 6,212,529 (“the 529 Patent”), 6,141,664 (“the 664 Patent”), 6,445,932 (“the 932 Patent”), 5,898,740 (“the 740 Patent”), and 7,319,874 (“the 874 Patent”) (collectively, the “Asserted Patents”).

PARTIES

2. Plaintiff Nokia Corporation is incorporated under the laws of Finland and has its principal place of business at Keilalahdentie 4, Espoo, Finland.

3. Plaintiff Intellisync is a corporation duly organized and existing under the laws of the state of Delaware and has a principal place of business at 102 Corporate Park Drive, White Plains, New York 10604. Intellisync is a wholly-owned subsidiary of Nokia Corporation.

4. Defendant Apple is a corporation duly organized and existing under the laws of the state of California and has a principal place of business at 1 Infinite Loop, Cupertino, California 95014.

JURISDICTION

5. This is an action arising under the patent laws of the United States. Accordingly, this Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1338(a).

6. This Court has personal jurisdiction over Apple because Apple has established minimum contacts with the forum. Apple manufactures (directly or indirectly through third party manufacturers) and/or assembles products that are and have been used, offered for sale, sold, and purchased in Delaware. Apple, directly and/or through its distribution network, places electronic devices within the stream of commerce, which stream is directed at this district, with the knowledge and/or understanding that such products will be sold in the State of Delaware. Therefore, the exercise of jurisdiction over Apple would not offend traditional notions of fair play and substantial justice.

7. Apple does business in this district, including providing products that are used, offered for sale, sold, and have been purchased in Delaware. Venue is proper in this district pursuant to 28 U.S.C. §§ 1391(b), (c), (d) and 1400(b).

GENERAL ALLEGATIONS

8. Nokia Corporation owns by assignment the entire right, title, and interest in and to the 932 Patent, the 740 Patent, and the 874 Patent.

9. Intellisync Corporation owns by assignment the entire right, title, and interest in and to the 911 Patent, the 529 Patent, and the 664 Patent.

10. Apple has infringed and continues to infringe each of the Asserted Patents by engaging in acts constituting infringement under 35 U.S.C. § 271, including but not necessarily limited to one or more of making, using, selling and offering to sell, in this District and elsewhere in the United States, and importing into this District and elsewhere in the United States, certain electronic devices, including, but not limited to Apple's iPhones, iPads, iPod Touches, and iMac, Mac Mini, Mac Pro, MacBook, MacBook Pro, and MacBook Air computers.
